

## Roeland Park Ad Hoc Sidewalk Committee

### Minutes for January 4, 2010

Present: Bill Art, Adrienne Foster, Brian Weese, Betsy Mellor, Bob Meyers, Debra Mootz, and John Carter

- I. **Call to order** 5:50 PM
- II. **Old Business**

**A. Complete discussion on the updated draft of the Sidewalk Placement Criteria that Debra Mootz completed. (see attached), The committee agreed to look at the attached traffic count to consider a value for "x" at this meeting.** Based on the Speed logs provided by Chief Taylor for the time period 2007 – 2009 it was determined by the committee that the "x" value for High Priority streets is greater than or equal to 850. The Medium Priority "x" value is greater than or equal to 650 and less than 850. The Low Priority "x" value is less than 650.

**B. Review updated map of current sidewalks and proposed sidewalks. The map will have color codes for streets according to their designation i.e. CARS street and traffic counts for heavy traffic streets. The committee decided to finish the changes for the map once the Guidelines have been completed.** Debra Mootz will redo the current map and apply the above "x" value criteria and have color code for the High, Medium, and Low priority streets and bring this to the next meeting.

**C. Complete the review of Article 3: General Street and Sidewalk Regulations.** The committee decided that Article 3 changes as per changes in the state law.

**D. Review of Roesland Elementary School Signing and Pavement Marking Study.** Discussion item for the next meeting on February 1, 2010.

### III. **New Business**

- a. **Budget/ Revenue source to maintain sidewalks. The Committee needs to complete discussion for sidewalk location guidelines.** Once the criteria are applied to the map then budget/ revenue numbers can be created.
- b. **Linear feet of sidewalks needed and an estimate of cost per linear foot. Note: this needs to be completed so Finance Committee can complete the 2010 – 2014 Capital Improvement plan.** The committee can know from the application of the "x" values to the map the linear feet of sidewalks needed in order to estimate costs.

The next meeting of the Ad hoc Sidewalk Committee is intended to be the last one as the committee will have completed its charge. The next meeting is February 1, 2010 starting at 5:45 PM and going to 6:50 PM

- IV. **Adjourn** - 6:30 PM
