

Roeland Park Ad Hoc Sidewalk Committee
Meeting Agenda 4-5-10
5:45pm – 6-50pm

- I. Call to order

- II. Old Business
 - a. Review the most recent updated map of current sidewalks and proposed sidewalks that Debra Mootz has completed with the “x” value criteria established at the January 4, 2010 meeting that has the color code for each of the High, Medium, and Low priority streets
 - b. We need to consider how many criteria need to be met under each of the High, Medium, and Low priority in order to give a street its designation.
 - c. We need to have discussion on how the criteria that is set impacts the sidewalk map.
 - d. Is it the intention of the committee to recommend that there be a sidewalk on both sides of every street in the city?

- III. New Business
 - a) Budget/ Revenue source to maintain sidewalks. Once the Committee completes discussion for sidewalk location guidelines the revenue numbers can be established.
 - b) Linear feet of sidewalks needed are now known so an estimate of cost per linear foot can be determined. Note: this needs to be completed so Finance Committee can complete the 2010 – 2014 Capital Improvement plan.
 - c) Design a mechanism to keep the once approved sidewalks map updated on a yearly basis. Meaning that traffic counts on streets need to be updated either once a year or every other year and passed on to The Public Works Committee for review.

- IV. Adjourn
